LATN4770 Class Observation/Self-Assessment

[corr\4770-6770 observation and self-assessment form; rev. April 17, 2008]

Do as many observations and mini-practica or practica in your Mentor Teacher's classroom as possible. Take notes on a separate sheet of paper during your observation, then use this form to formally record your notes <u>later</u> that same day. In the case of your own practica, attach your lesson plan in lieu of item #2 below, and complete the remaining sections, treating items 3–4 as a self-evaluation. Email me at <u>ric laf@msn.com</u>, if you would like a copy of this document in WordPerfect or Word.
