

Juvenal, *Satire II*, Vocabulary
Judith Ebenstein

As a student of Prof. Rick, I found Juvenal's *Satires* the most difficult to navigate of the authors we read together, in part because of new vocabulary encountered and in part because words I thought I knew occasionally had different meanings in this context. And I thought the time I spent in the dictionary at times detracted from my overall understanding and enjoyment of the poem. My hope is that this list might free up future students to spend more time with the rigors of reading and translation rather than with the grunt work of dictionary perusing. (And, in my case, the listing hopefully helped consign some of these new words to my notoriously porous memory.)
